What are the services?

Second Medical Opinion

The doctor will call you for a medical consultation and discusses your specific questions, to review your case.

You will receive an exhaustive review of your case by the International Expert.

Online consultation

You can have a call or video call and discuss your medical question.

The doctor will share a short report with you.

Mental Health Coaching

A mental Health coach will discuss your goals or struggles and plans up to 3 sessions to work on this.

Get Fit Program

Fill out the questionnaire and start the 4- or 8-week fully automated program, with the focus on exercise and healthy food including tasteful recipes and an exercise plan.
